The American Samoa Power Authority selected Eastern Power Solutions with the EVLO 1000 BESS to enhance the delivery of safe, reliable, and clean power to the local ...

Located on Tutuila and Aunu'u islands, the three solar-plus-storage projects have capacities of 4 MW/8 MWh, 5 MW/10 MWh, and 1 MW/2 MWh. These systems stabilize solar ...

Tesla battery energy storage system (BESS) specialists are on the ground assisting Samoa's Electric Power Corporation (EPC) ...

The island nation's new energy storage power station isn't just about keeping the lights on--it's rewriting the rules of energy independence for small island states.

The American Samoa Energy Authority chosen Jap Energy Options with the EVLO 1000 BESS to reinforce the supply of protected, dependable, and clear energy to the area ...

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and ...

Discover our battery energy storage project in American Samoa. Visit us to take a look at some of our latest projects.

Tesla battery energy storage system (BESS) specialists are on the ground assisting Samoa's Electric Power Corporation (EPC) engineers to ensure its batteries are operating to ...
