What is Iraq Container Terminal?

Iraq Container Terminal commissioned in 2010, is one of Gulftainer's key investments in Iraq. Located at Umm Qasr port, the country's largest container handling facility, Iraq Container Terminal strategic location, modern equipment, and comprehensive services make it a vital component of Iraq's maritime infrastructure.

Where are solar panels located in Iraq?

Workers walk between solar panels at a newly opened industrial-scale solar power plant in Karbala, Iraq, Wednesday, Sept. 17, 2025. (AP Photo/Anmar Khalil) This aerial photo shows panels at a newly opened industrial-scale solar power plant in Karbala, Iraq, Wednesday, Sept. 17, 2025. (AP Photo/Anmar Khalil)

Could large-scale solar power plants help ease Iraq's electricity crisis?

The projects are part of a larger vision to account for a portion of Iraq's electricity needs using large-scale solar power plants that could help ease the electricity crisis while also reducing the negative environmental impact of gas emissions.

Does Iraq have solar projects?

Deputy Minister of Electricity Adel Karim said Iraq has solar projects with a combined capacity of 12,500 megawatts either being implemented, in the approval process, or under negotiation.

"This is the first project of its type in Iraq that has this capacity," said Safaa Hussein, executive director of the new solar plant in Karbala, standing in front of row after row ...
