Malta INC. 1 Broadway STE 14 Cambridge, MA 02142-1187 info@maltainc +34 910 486 064

Malta's proprietary and proven molten salt long-duration energy storage system provides a unique combination of capacity and duration for which there are no suitable technology alternatives

Using proven subsystems, a locally sourced supply chain, and abundantly available materials like salt, the system delivers economical, clean energy with a flexible power and heat delivery mix ...

With Malta's first commercial plant going online in Q2 2025, early adopters like E.ON and NextEra Energy have already ordered 12 units. But here's the kicker - these systems could potentially ...

They are building a new type of electro-thermal energy storage system that can collect and store energy from any source (i.e. wind, sun, or fossil fuels), in any location and for long durations, ...

Malta-D: A Strategic Milestone for Scalable Clean Energy Storage Today, Malta Inc. is developing a 14 MWh electricity-to-electricity commercial demonstration plant in Puertollano, Spain, ...

They are building a new type of electro-thermal energy storage system that can collect and store energy from any source (i.e. wind, sun, or fossil ...

Malta's grid-scale, long-duration energy storage system helps governments, utilities, and grid operators transition to low-cost, carbon ...

Malta Inc. is a company dedicated to advancing energy storage solutions for the grid. The company's focus is on long-duration thermal energy storage, a technology that enables the ...
