-----

Since 2011, Australians in remote and rural locations have trusted Commodore Australia to deliver top-quality off grid solar ...

The project, which pairs the 128 MWh DC-coupled battery with an 80 MW AC solar farm, marks a significant step in Australia's transition ...

A stunning off-grid container home in Gippsland features GoodWe's CEC-approved EHB hybrid inverter and Lynx F G2 battery, ...

This makes them a smart choice for off-grid energy. Australian Solar Container solutions deliver reliable, portable, cost-saving ...

We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions.

A stunning off-grid container home in Gippsland features GoodWe's CEC-approved EHB hybrid inverter and Lynx F G2 battery, delivering sustainable living, blackout protection, ...

Containerised off-grid power systems designed and built in Australia for farms, mining, remote resorts and communities. Reliable, scalable, pre-wired and factory-tested.

It is the first containerised mobile solar power generator that is specially designed for fixed deployment. This system is suitable for both on-grid and off-grid use, and can be redeployed in ...

AVID has Containerised solutions for Solar, EV Charging, pumping stations and portable data centres, suited to remote, Mission-Critical Commercial and Industrial Sites and Projects.

Whether you're powering a remote agricultural site, supporting early-stage infrastructure, or replacing diesel on a mining project, our container ...

Whether you're powering a remote agricultural site, supporting early-stage infrastructure, or replacing diesel on a mining project, our container delivers solar power -- all in one rugged, ...

AVID has Containerised solutions for Solar, EV Charging, pumping stations and portable data centres, suited to remote, Mission-Critical Commercial ...

The project, which pairs the 128 MWh DC-coupled battery with an 80 MW AC solar farm, marks a significant step in Australia's transition to co-located hybrid renewable energy ...

Beyond mounting the solar panels on the roof of the container on delivery, NO wiring or assembly is required to have your own storage, living space or workspace ready in just a few hours.

This makes them a smart choice for off-grid energy. Australian Solar Container solutions deliver reliable, portable, cost-saving off-grid energy for Australia's remote, harsh ...

Since 2011, Australians in remote and rural locations have trusted Commodore Australia to deliver top-quality off grid solar systems designed to withstand Australia's toughest climate conditions.
