These projects integrate multiple renewable energy sources such as solar, wind, battery energy storage, and hydrogen production to create a resilient and efficient energy system.

This loan is expected to support interconnection deposits for an initial portfolio of 34 MW of solar power, battery energy storage and hybrid projects, with potential to support future ...

Dozens of large-scale solar, wind, and storage projects will come online worldwide in 2025, representing several gigawatts of new ...

Dozens of large-scale solar, wind, and storage projects will come online worldwide in 2025, representing several gigawatts of new capacity.

We specialize in providing the design, financing, installation, and operation of energy storage and solar solutions in order to help businesses and utilities reach their long term goals. We are at ...

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy ...

We are developing a diverse, multi-technology portfolio that includes solar, onshore wind and battery storage. Currently, we have over 1 GW of ...

The energy capacity of new battery, wind, and solar projects that received approval climbed to 45GW this year, 96% higher than in 2024, according to data from Cornwall Insight.

We are developing a diverse, multi-technology portfolio that includes solar, onshore wind and battery storage.

Currently, we have over 1 GW of equity capacity for projects that are either in ...

The need to harness that energy - primarily wind and solar - has never been greater. Batteries can provide highly sustainable wind and solar energy storage for ...

Discover how Botswana's groundbreaking hybrid renewable energy initiative combines wind, solar, and advanced storage solutions to address energy challenges while creating new ...

The BG-RRP-4.032 tender will support new solar and/or wind power projects with co-located energy storage facilities. A budget of BGN 107.57 million (roughly USD 60 million) ...
