List of Brazilian military bases The following is a list of military bases in Brazil, sorted by location:

The Alcântara Launch Center (CLA), in Brazil, is located in the Maranhão region, in the northeast of the country. It is a location with access to the sea and only 2.3 Degrees south of the equator.

Yet Brazil itself still relies on overseas launch sites, as shortfalls in Alcântara's infrastructure and funding hold it back. This is symbolic of the wider obstacles facing Brazil's ...

Alcântara Goes to Space: The Impact of a Rocket Launch Site in the Brazilian Amazon. Brazil is set to lease a strip of land in the interior ...

Located in the Northeast of Brazil, in the State of Maranhão, the Alcântara Space Center is the closest launching base to the equator, giving significant launching advantages.

The Brazil Base Transceiver Station (BTS) market has been experiencing significant growth, driven by the rapid expansion of mobile networks and the increasing ...
