Bulgaria-based storage manufacturer IPS has released a new utility-scale BESS with a rated capacity of 8.1 MWh and an integrated 4 ...

Well, Bulgaria's literally putting energy storage inside boxes - submerged ones, that is. Over the past 18 months, engineers have deployed 47 modular container units in Lake Vacha, creating ...

Introduction of Bulgaria Liquid Cooling Energy Storage Container Project from the Npedoni team We are the Npedoni team, proud to partner with Bluesun on our Bulgaria project! ?...

Compared to traditional air-cooled systems, liquid cooling offers higher thermal management precision and better system stability, making it particularly suitable for high ...

Bluesun and the Npedoni team introduced a Liquid Cooling Energy Storage Container Project in Bulgaria, featuring high-efficiency thermal management and modular design to support ...

Designed to address the rising demand for large-scale, efficient storage solutions, the system is housed in a 20-foot container and incorporates liquid cooling for thermal ...

We are the Npedoni team, proud to partner with Bluesun on our Bulgaria project! ? Recently, we installed three powerful batteries, along with solar panels on our roofs and high-efficiency ...

This article explores the benefits and applications of liquid cooling in energy storage systems, highlighting why this technology is pivotal for the future of sustainable energy.

Bulgaria-based storage manufacturer IPS has released a new utility-scale BESS with a rated capacity of 8.1
