Only difference is Hungary declared on me over the treaty. I formed the Balkan Entente with Bulgaria as soon as the focus would allow, and they have been really helpful. In ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

The project is co-located to a 33 MWp PV plant, this hybrid solar plus storage project is seamlessly integrated into the transmission system operator (TSO) grid.

Your path to success in Bulgaria starts with Highjoule. At Highjoule, we are committed to supporting our agents in Bulgaria with reliable energy storage solutions that promote success ...

I stumbled across the below guide recently, and was able to get the Bulgaria "Prussia of the Balkans" and "Balkan Problem Solved" achievements yesterday. I recommend ...

The history of Bulgaria is obscure to most people. Bulgaria is the only country in the world that I'm aware of that had a non-ruling, revolutionary communist party take a ...

Bulgaria is piloting hybrid plants combining solar panels, wind turbines, and storage. These projects achieve 90%+ uptime--far higher than standalone renewables.

The Shanghai-based manufacturer has installed 90 SigenStacks at a solar project in Malko Tarnovo, Bulgaria, near the ...

Last time I explored two heresies that made their way/formed into Bulgaria, and how they could be improved

to feel more truthful, in This Post. Now I will explore relatively ...

In a major step toward enhancing Europe's renewable energy infrastructure, SUNOTEC and Sungrow have signed a strategic agreement to deploy 2.4 GWh of battery ...

The success of this project has not only won SCU a good reputation in the industry but also set a benchmark for the development of ...

This significant milestone marks the system as Bulgaria's largest BESS project to date, jointly developed by Kehua and Solarpro, the largest energy EPC company in Eastern Europe and a ...

I also recommend releasing Bulgaria and enacting "strong duchies" and then breaking your alliance with The Knights to get under your relations limit. Alternatively, if the ...

The project deployed 90 units of Sigenergy's 110 kW inverters, each paired with a 240 kWh SigenStack battery, achieving a total capacity of 20 MWh. Thanks to its modular, ...

The Shanghai-based manufacturer has installed 90 SigenStacks at a solar project in Malko Tarnovo, Bulgaria, near the Turkish border. Each unit features a 110 kW hybrid ...

The success of this project has not only won SCU a good reputation in the industry but also set a benchmark for the development of renewable energy in Bulgaria.
