Does solar energy storage make economic sense in Canberra?

Whether or not solar energy storage makes economic sense for your home in Canberra depends first and foremost on whether or not you already have a solar system, and if you do whether or not you have access to a Territory-supported solar feed-in tariff.

Where can I buy solar panels for my Canberra property?

Contact us on [admin@supplyinstalled.com.au](mailto:admin@supplyinstalled.com.au) today to learn more about Canberra solar options. If you want to buy solar panel systems for your Canberra property, Supply Installed has you covered. Check out our online shop today.

Where are solar panels made?

Keith Bradsher, who has covered China's solar industry since 2009, reported from Changsha, China. Over the past 15 years, China has come to dominate the global market for solar energy. Nearly every solar panel on the planet is made by a Chinese company. Even the equipment to manufacture solar panels is made almost entirely in China.

Are solar panel makers cutting prices?

Solar panel makers are cutting prices but still building factories. Gilles Sabri for The New York Times  
Keith Bradsher, who has covered China's solar industry since 2009, reported from Changsha, China. Over the past 15 years, China has come to dominate the global market for solar energy.
