Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

Are Jenbacher containers available for gas engines?

Jenbacher containers are available for Type 2, 3, 4 and 6 gas engines. Our containerized solutions ensure excellent reliability for your power and heat generation needs.

Why should you choose Jenbacher containerized gas power generation solutions?

Jenbacher containerized gas power generation solutions offer a variety of benefits to our customers, thanks to distinctive product features: See for yourself.

This article explores how Caracas-based manufacturers can leverage advanced battery cabinets to overcome power challenges while reducing operational costs. Why Industrial Energy ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of ...

For years wind and solar were widely dismissed as a source for power generation. Wind & solar were a niche markets to generate power. But now the generation cost of wind and solar have ...

SVF, es representante exclusivo para Venezuela de los Grupos eléctricos desde 25 kW hasta 7000 kW MTU Onsite Energy y Rolls Royce Energy para el sector de la energía; a ...

Discover how modular energy storage containers are revolutionizing power management across industries in

Caracas - and why global suppliers like EK SOLAR lead this transformation.

The Caracas battery pack factory stands at the forefront of Latin America's energy transition, delivering adaptable solutions for solar integration, industrial resilience, and sustainable ...

Enter the Caracas Containerized Generator BESS--a pre-engineered, modular solution housed in shipping containers. Think of it as a "Lego-like system" for power management, designed to ...

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application ...

Find detailed information on Boiler, Tank, and Shipping Container Manufacturing companies in Caracas, Distrito Federal, Venezuela (Bolivarian Republic), including financial statements, ...

SVF, es representante exclusivo para Venezuela de los Grupos electrógenos desde 25 kW hasta 7000 kW MTU Onsite Energy y Rolls Royce Energy ...

For years wind and solar were widely dismissed as a source for power generation. wind & solar were a niche markets to generate power. but ...

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ...

All genset containers are also available with an option for -40°C and most variants can be upgraded for +45°C. A broad range of options, both mechanical and electrical, are available to ...
