Dushanbe is located in the Gissar Valley, bounded by the Gissar Range in the north and east and the Babatag, Aktau, Rangontau and Karatau mountains in the south, and has an elevation of ...

Ever wondered how Dushanbe, once just a quiet Monday market town, became the proud capital of Tajikistan? Its journey is a tale of transformation--from ancient trade ...

Discover how Dushanbe is pioneering energy storage solutions to meet growing power demands while advancing sustainable development.

The design and execution of a solar-powered uninterruptible power supply (UPS) system are presented in this study. The system integrates photovoltaic (PV) panels, a battery ...

The main focus of this project is converting AC to DC and also from DC to AC power inverters, which aim to efficiently transform a DC power source to a voltage AC source, similar to power ...

Summary: Discover how energy storage batteries are transforming Dushanbe's power grid, addressing reliability issues, and supporting renewable energy integration. This article ...

The solar power system at the Committee's headquarters is expected to generate significant long-term savings. By cutting electricity costs by 60%, the system is projected to ...

Tajikistan's capital city, Dushanbe, is undergoing a radical transformation. Here's how to explore it, with my tips for the best things to do in Dushanbe.

Explore Dushanbe landmarks through our guide of the top 10 must-visit attractions and experiences in Tajikistan's vibrant capital city.

Dushanbe, the capital of Tajikistan, serves as the country's largest city and a hub for its scientific, cultural, economic, and industrial activities. With a population exceeding 880,000 in a country ...

In today's power-dependent world, businesses across Tajikistan increasingly seek reliable energy solutions. This article explores cutting-edge UPS technologies tailored for Dushanbe's unique ...

Major commercial projects now deploy clusters of 15+ systems creating storage networks with 80+MWh capacity at costs below \$270/kWh for large-scale industrial applications.

The objective of the project HA-G1048 is to maximize the use of the energy produced by the 8-MWp solar photovoltaic plant (SPP) to further reduce the use of thermal power, by ...

Translating to "Monday" in Tajik, Dushanbe was once a tiny mountain village known for its Monday market. Today that village has become a metropolis, but the Barakat covered market ...

The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now ...

The solar power system at the Committee's headquarters is expected to generate significant long-term savings. By cutting electricity ...
