A strong earthquake of 6.4 magnitude hit Nepal's Western Province of Karnali, shortly before midnight, on 3 November 2023. As of 24 November 2023, 154 people (Female: 83, Male: 71) ...

HELIOS is ROXBOX's solar division, specializing in portable, containerized, solar-powered energy and cold storage solutions. Our proven HELIOS ...

Our line of solar transportable power units (TMSPDC™; Power AnyWhere Any Time™) provides stand-alone photovoltaic power. These portable units ...

On 6 February 2023, a series of massive earthquakes struck south-eastern Türkiye near the border with the Syrian Arab Republic. These and hundreds of aftershocks caused significant ...

An earthquake is a violent and abrupt shaking of the ground, caused by movement between tectonic plates along a fault line in the earth's crust. Earthquakes can result in the ...

Working closely with the government and partners, WHO is supporting to respond to the urgent health needs of the affected populationA 6.4 magnitude earthquake hit Nepal's ...

On 28 March 2025, two powerful earthquakes struck central Myanmar's Sagaing Region near Mandalay. The first, with a magnitude of 7.7, occurred at 12:50 p.m. local time, ...

This article examines the role of solar containers in earthquake response, their deployment benefits, and field deployments of how they ...

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote

worksites and projects.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Learn how to ensure seismic safety for shipping container structures. Discover building codes, earthquake-resistant designs, anchoring ...

These self-contained units offer plug-and-play solar solutions for remote locations, emergency power needs, and grid supplementation. This comprehensive guide examines their ...

Flash appeal requesting US\$ 8 million for the WHO response to the earthquake in Myanmar which occurred in March 2025.

Learn how to ensure seismic safety for shipping container structures. Discover building codes, earthquake-resistant designs, anchoring methods, and case studies to protect your container ...

These modular powerhouses combine the durability of industrial containers with cutting-edge solar technology - and they're changing the game for everyone from disaster relief ...

On 17 December 2024, a powerful 7.3 magnitude earthquake struck near Port Vila, the capital of Vanuatu, impacting more than a quarter of the country's population. The disaster ...
