-----

High-performance 418kWh liquid-cooled battery energy storage system (BESS) for industrial and commercial applications.

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan ...

Each cabinet offers 418kWh energy capacity and 215kW power output, and multiple units can run in parallel to reach MWh-level systems. That flexibility makes it ideal for ...

All-in-One Battery Energy Storage System Liquid Cooling BESS 215KW/418KWH,built-in PCS, IP54.All-in-One BESS.

The 418KWh Liquid-Cooled Energy Storage Cabinet is designed with an integrated system that includes batteries, BMS, EMS, PCS, and fire protection. It uses advanced liquid cooling ...

With advanced liquid cooling technology and high-efficiency LFP battery modules, this outdoor battery cabinet delivers reliable energy storage for C& I applications.

The 418KWh Liquid-Cooled Energy Storage Cabinet is designed with an integrated system that includes batteries, BMS, EMS, PCS, and fire ...

The HJ-G215-418L industrial and commercial energy storage system from Huijue Group adopts an integrated design concept, with integrated batteries in the cabinet, battery management ...

Professional 418KWh battery cabinet with liquid cooling system. High integration, superior protection and

flexible parallel operation for industrial energy storage.

System productization, integrated energy storage battery, PCS and power distribution, temperature control fire protection, water immersion door magnet and monitoring ...

The 418 kWh cabinet is engineered for heavy-duty energy demands such as industrial zones, EV charging hubs, and mini-grids. Equipped with Grade-A batteries, liquid cooling, and intelligent ...
