What is a foldable large container (FLC)?

**HIGHLIGHTS** The ORBIS Europe BulkPak™; brand of foldable large containers (FLC) helps global automotive and industrial companies streamline part shipments across global supply chains. For increased transport efficiency, our FLC containers are stackable and collapsible with a return ratio of up to 1 : 3.

What is a foldable large container?

Foldable large containers (also called: pallet boxes) are large collapsible containers adapted to Standard pallet footprints. They can be manufactured from wood or plastic. As a combination of container and pallet, pallet boxes often have runners. Due to the runners, operators can easily handle the large containers with fork lifts and lift trucks.

Why should you buy shipping containers wholesale from pelicancontainers?

Buying in large quantities also eases shipping logistics and provides uniformity in size, design, and features. Plus, delivering the containers all at once relieves you of multiple shipments. Why Buy Shipping Containers Wholesale From Pelicancontainers?

Are Orbis foldable large containers sustainable?

ORBIS foldable large containers offer sustainability- across the entire life cycle. That starts with the production of our FLCs: We use recycled materials during the manufacturing process which leads to a reduction of CO2 emissions. Due to their longevity and durability, our large collapsible containers are suitable for green logistics.

Customised containers with galvanised steel frames, TOPCon N cells and other components are already installed in the containers and are ready to be deployed upon arrival.

Attributes Monocrystalline Silicon No 10 kW Brand Name: GULI Model Number: CSE10K Application:

## Commercial

Standardized sizes and flexible interior layouts make it easy to transport different module types - perfect for manufacturers, sellers and your solar project across Europe. Discover high-quality ...

Explore our range of high-efficiency solar container solutions designed for businesses worldwide. Our containers combine cutting-edge technology with durability and ease of deployment.

Case Study 1: A European retailer reduced warehouse space by 20% using Katoen Natie's foldable containers, demonstrating efficiency gains.

Our product range covers residential solar systems, commercial energy storage, and innovative folding photovoltaic storage container products, designed for flexible deployment in diverse ...
