Who makes solar panels?

SaloSolar Oy: Producer of solar PV panels. Specialized in window-glass panels, that are produced in Finland. Solar Fire Concentration Oy: Thermal and optical engineering for cost efficient solar heat systems. Solartukku Oy: Supplier of PV and solar thermal solutions to retailers and partner organizations.

Who owns finnglass?

All operations from designing to manufacturing under one roof. We support our customers in their project from start to finish. Current owners, Timo Saukko and Markku Manninen, took over Finnglass in a management buy-out from the French glass-giant Saint-Gobain in 2016. For the coowners, this meant going back to the roots.

Finnglass was founded in 1973, originally under the name of T&#228;hti-lasi, to ...

List of solar thermal module companies, manufacturers and suppliers serving Finland

Our analysts track relevant industries related to the Finland Solar Glass Market, allowing our clients with actionable intelligence and reliable forecasts tailored to emerging regional needs.

Specialized in window-glass panels, that are produced in Finland. Meriaura energy: Design, manufacturing and supplying high efficiency solar thermal collectors and ...

Lahti Glass Technology is the leading Nordic specialist supplier in the demanding field of the glass industry.
