With a total capacity of 30 megawatts, the system was shipped in 22 containers which comprised battery racks, six inverters, auxiliary transformers and a fully integrated ...

The BESS forms a critical part of the power plant's emergency support system and is engineered to ensure uninterrupted energy delivery in the event of turbine failure. The ...

With its recent oil discoveries and ambitious climate goals, Guyana has become a hotbed for energy storage container innovations. The country's growing demand for stable ...

The system arrived at the John Fernandes Wharf in Georgetown in 22 containers and will serve as the facility's emergency support in the event of turbine failure. It comprises ...

The inclusion of this advanced battery system reinforces LNDCH4's commitment to delivering a reliable power solution for Guyana. With a total capacity of 30 megawatts (MW), ...

Guyana's landmark Gas-to-Energy project reached a critical milestone with the arrival of a 30-MW backup battery energy storage system (BESS) at Georgetown's John ...

A solar+storage microgrid in the Rupununi savannah was using second-life EV batteries from Europe. It wasn't pretty--the enclosure had literal chicken wire--but it delivered 24/7 power for ...

LNDCH4 Guyana on Friday announced the arrival of the Backup Battery Storage System (BESS), a critical part of the power plant's emergency support system, that is ...

With our team working on-site around the clock, focused on meeting international quality standards and the
