Who is NGG curtain wall?

NGG Ltd.,Inc. (NGG) is a full service curtain wall company established in 1982. Since that time NGG has been in the core business of design, manufacture and installation of custom curtain wall systems. Through the years NGG has serviced clients throughout the United States with a focus in the Midwest.

Are solar innovations ® curtain wall frames custom built?

All Solar Innovations ® curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations ® offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.

Who makes a curtain wall?

AmCraft Manufacturing Inc., founded in 2000, is an American manufacturer based in Elk Grove Village, Illinois, offering industrial, thermal, and acoustic curtain wall solutions. The company's curtain walls provide solutions for sound-dampening and sound-blocking enclosures, temperature zones, and isolation of work or storage spaces.

What is a pressure glazed curtain wall?

Outside set, pressure glazed system with overlapping construction allows for positive drainage. The benefit of an aluminum curtain wall is the reduction in required maintenance, as aluminum will not rot, rust, warp, expand with heat, or require constant finishing.

Photoelectric curtain wall, that is, pasted on glass, inlaid between two pieces of glass, can convert light energy into electricity through batteries. This is -- solar photovoltaic curtain wall.

NGG designs, manufactures and installs custom curtain wall systems. Our solutions include curtain wall systems glazed with insulated glass, laminated glass, metal panels, stone, tile, ...
