What is a pwrcell Battery Cabinet?

No other smart battery offers the power and flexibility of PWRcell. The PWRcell Battery Cabinet allows system owners the flexibility to scale from an economical 9kWh to a massive 18kWh by installing additional battery modules to the PWRcell Battery Cabinet. An existing PWRcell Battery Cabinet can be upgraded with additional modules.

How many modules are in a pwrcell Battery Cabinet?

Inside of the PWRcell Battery Cabinet, battery modules are stacked two deep on three levels, allowing for up to six modules to be connected in series. You can upgrade an existing PWRcell Battery Cabinet by adding Battery Modules and a Module Spacer (APKE00008).

What is PowerMax™ power cabinet?

Alpine's PowerMAX™ Power Cabinet is an ideal solution for battery power up to 135 VDC. Designed for indoor use, this system will save space, improve safety, and reduce maintenance costs. Installed with sealed battery technology, you can expect up to 20 years of reliability at 77 degree ambient room temperature (10 years at 95 degrees).

Does Generac offer a foot bracket accessory kit for pwrcell Battery Cabinet?

Generac offers a Foot Bracket Accessory Kit (Model #APKE00043) for the PWRcell Battery Cabinet that is available for installations where a foot bracket mount is required. Inside of the PWRcell Battery Cabinet, battery modules are stacked two deep on three levels, allowing for up to six modules to be connected in series.

For NEMA 3R, and when environmental options are provided, the battery cabinet will maintain a steady internal temperature of 77° F (+/- 3°F) through an external ambient temperature of ...
