---

With the latest system coming online on 19 June, MET Group and Dunamenti Power Station are stepping up their support for Hungary's ...

Explore Hungary's EUR2.1B residential battery subsidy. Learn how LiFePO4 energy storage battery technology and home energy storage solutions are transforming the Hungarian ...

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated today: MET Group put into operation a battery electricity storage plant with ...

This storage solution will enable the energy produced by local solar panels to be used more efficiently, reducing potential grid fluctuations and improving the overall reliability of ...

We offer energy storage solutions, including battery modules, portable power supplies, and systems for residential, commercial, industrial, and utility ...

Battery energy storage systems (BESS) enable the storage of power from the National Grid or renewable sources that include wind and solar. The industry offers a wide range of BESS ...

Met Duna Energiatec, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a 40 MW / 80 MWh battery storage at the ...

Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery

energy storage system (BESS) at its Dunamenti Power Station in ...

Met Duna Energia; a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a ...

Hungary's largest standalone battery energy storage system has been inaugurated in Székesfehérvár. With a 40 MW output and 80 ...

We offer energy storage solutions, including battery modules, portable power supplies, and systems for residential, commercial, industrial, and utility-scale applications.

Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's ...

With the latest system coming online on 19 June, MET Group and Dunamenti Power Station are stepping up their support for Hungary's shift to cleaner energy. Europe sees ...

Hungary's largest standalone battery energy storage system has been inaugurated in Székesfehérvár. With a 40 MW output and 80 MWh capacity, the new unit by MET Group ...

This storage solution will enable the energy produced by local solar panels to be used more efficiently, reducing potential grid ...
