---

TLS supplies intelligent mobile and containerised waste water treatment plant or sewage treatment plant container, which can be remotely controlled to monitor system condition and ...

Designed and certified to meet global safety and grid standards, Wenergy BESS ensures high energy efficiency, long cycle life, and reliable performance for large-scale energy storage ...

Our portable wastewater treatment systems are engineered for maximum performance in every climate zone. We have successfully installed ...

Our containerized wastewater treatment plants are not only installed in hard-to-reach places abroad, but also offer the perfect solution for short-term, temporary wastewater treatment in ...

Our containerized sewage treatment systems integrate Moving Bed Biofilm Reactor (MBBR) technology for superior performance. This biofilm-based process ensures efficient breakdown ...

Designed and certified to meet global safety and grid standards, Wenergy BESS ensures high energy efficiency, long cycle life, and reliable ...

Containerized energy storage is an Advanced, safe, and flexible energy solution featuring modular design, smart fire protection, efficient thermal ...

Our modular units offer complete, mobile solutions for efficient urban wastewater treatment. Based on the activated sludge process, these containers guarantee wastewater purification in ...

TLS supplies intelligent mobile and containerised waste water treatment plant or sewage treatment plant container, which can be remotely controlled to ...

Pure Aqua designs containerized equipment through collaborative solutions that help facilitates the process. Mobility, durability, and protection are all important features that we make sure to ...

Containerized energy storage is an Advanced, safe, and flexible energy solution featuring modular design, smart fire protection, efficient thermal management, and intelligent control for optimal ...

Our portable wastewater treatment systems are engineered for maximum performance in every climate zone. We have successfully installed systems in over a hundred countries, from the ...

We design and manufacture our containerized plants to international standards and provide an international delivery service. With a containerized sewage treatment plant there are no ...

The new wastewater treatment plant is an environmental innovation showcase project, which automatically balances energy consumption and production so that an external ...
