---

It is located at Poolbeg Energy Hub, where ESB - around 95% owned by the Irish state with the remaining stake held by its employees - is planning to deploy a combination of ...

Ireland inaugurated the country's "largest" grid-scale battery energy storage facility, located in Poolbeg Energy Hub. The 75 MW/150 ...

Today's conference heard from a range of stakeholders across the renewable sector, discussing the potential role of energy storage in the Irish energy transition, and the ...

The main opportunity for the storage of energy in gaseous molecular form (including future biogas and hydrogen developments) in UGS is linked to its distinctive ...

We currently have more than 300MWs of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We plan to develop a pipeline of large scale ...

Ireland's energy storage could increase eightfold by 2035, according to a new report by Energy Storage Ireland. It states that battery storage has the potential to provide ...

FuturEnergy Ireland, a joint venture between Coillte and ESB, has been granted planning permission to build Europe's first iron-air ...

FuturEnergy Ireland, a joint venture between Coillte and ESB, has been granted planning permission to build Europe's first iron-air battery facility, a new technology that ...

It is located at Poolbeg Energy Hub, where ESB - around 95% owned by the Irish state with the remaining

stake ...

The main opportunity for the storage of energy in gaseous molecular form (including future biogas and hydrogen developments) in ...

We work together to promote the benefits of energy storage and we engage with policy makers to support and facilitate the development of energy storage, which is pivotal to decarbonising ...

Ireland's energy storage could increase eightfold by 2035, according to a new report by Energy Storage Ireland. It states that battery ...

Energy Storage Ireland (ESI), the industry body representing the energy storage sector in Ireland, has called on the Irish grid operator EirGrid to deliver the Government's ...

Ireland inaugurated the country's "largest" grid-scale battery energy storage facility, located in Poolbeg Energy Hub. The 75 MW/150 MWh BESS is aimed at enhancing grid ...

The Electricity Storage Policy Framework for Ireland has been reviewed and approved by the CRU and the System Operators, EirGrid and ESB Networks, through the ...
