The new store serves as a one-stop hub where customers can explore our full range of solar products, consult

...

We have 3,500+ Solar Ambassadors in our network, working across 22+ provinces. Between them, they distribute 10,000+ products every month. 90% of Congolese ...

The article presents specific data from active end-users, consisting of structured interviews (n = 600) and 48 focus groups (n = 576) across 24 municipalities in Kinshasa's DRC.

By integrating advanced battery systems with solar power infrastructure, this project aims to provide reliable electricity to urban and rural communities. Explore how energy storage ...

For communities and households in rural Kinshasa, consistent and affordable energy is not just a convenience--it's a gateway to improved quality of life, economic ...

Stop load shedding! A 5-10kWh solar energy storage system powers your Kinshasa home day & night. See real costs, battery data, and how to choose.

A hybrid system offers the most resilient, cost-effective, and strategic solution for a solar factory in Kinshasa. It intelligently combines three power sources to optimize reliability ...

The new store serves as a one-stop hub where customers can explore our full range of solar products, consult with professional sales, and access fast, responsive service.

So far, we have conducted calculations to evaluate the solar photovoltaic (PV) potential in 12 locations across DR Congo. This ...

Thus, through this paper, we analyze the possibility of initiating other energy alternatives for this country and specially its capital Kinshasa, such as solar energy with all its advantages in terms ...

So far, we have conducted calculations to evaluate the solar photovoltaic (PV) potential in 12 locations across DR Congo. This analysis provides insights into each ...

A hybrid system offers the most resilient, cost-effective, and strategic solution for a solar factory in Kinshasa. It intelligently combines ...

At New Solar System (NSS), our business is to provide affordable and clean renewable energy solutions, driving economic development and protecting the environment, led by Awa Bakunga.
