-----

Trina Storage, the battery energy storage system (BESS) division of solar energy firm Trinasolar, has announced the deployment of ...

Located near Vilnius, this project will be the country's first commercial battery storage facility and is expected to increase Lithuania's total storage capacity by approximately ...

The two companies plan to deploy multi-gigawatt-hour battery energy storage systems across Lithuania and Eastern Europe over the ...

MT Group has signed a EUR27.8 million EPC turnkey contract with Pure Energy Solutions for the design, construction, and commissioning of a 35 MW/140 MWh Battery ...

The two companies plan to deploy multi-gigawatt-hour battery energy storage systems across Lithuania and Eastern Europe over the next two to three years. As the first ...

Trina Storage, the battery energy storage system (BESS) division of solar energy firm Trinasolar, has announced the deployment of three new battery storage projects in ...

Lithuania expects to install more than 1,700 MW/4,000 MWh of energy storage facilities to improve the resilience, flexibility and security ...

The company said yesterday (1 July) that it will begin construction on the battery energy storage system (BESS) facilities, which have a combined output of 291MW and ...

The Ignitis Group is starting the construction of three battery energy storage systems in Lithuania, with a

combined capacity of 291 MW and a total ...

The Ignitis Group is starting the construction of three battery energy storage systems in Lithuania, with a combined capacity of 291 MW and a total investment of EUR130mn.

Lithuania expects to install more than 1,700 MW/4,000 MWh of energy storage facilities to improve the resilience, flexibility and security of the electricity system after ...

Trina Storage, the BESS division of solar energy firm Trinasolar, has announced deployment of three new battery storage ...

Trina Storage, the BESS division of solar energy firm Trinasolar, has announced deployment of three new battery storage projects in Lithuania totaling 90MW/180MWh. The ...

Vilnius-based utility Ignitis Group will install 291 MW/582 MWh of battery energy storage systems (BESS) at two of its wind farms and at ...

Vilnius-based utility Ignitis Group will install 291 MW/582 MWh of battery energy storage systems (BESS) at two of its wind farms and at a hydro site, with commercial ...

E-energija Group has commenced construction on Lithuania's largest battery energy storage system (BESS) project, the 120MWh Vilnius BESS. This facility, which is set to ...
