-----

A research team from China's Nanjing Tech University (NanjingTech) has developed and constructed a novel anthraquinone-based solar redox flow battery (SRFB) ...

Here's the latest from Ironlak Family member SOFLES, fortunately for you he's been a busy man and we're able to put up a stack of that quality SOFLES style that everybody loves.

China has just switched on the world's largest vanadium flow battery showcasing its gigawatt-hour-scale flow battery technology.

We assess how de-risking supply chains, enhancing electrolyte designs, and leveraging membrane-less architectures will make flow batteries the most viable solution for ...

Completed in 2023, Coastal Mona by Sofles wraps a number of surfaces of Mona Vale's Village Park. Sofles used abstract, contemporary designs celebrating Mona Vale's beachside ...

Adorning the wall of 75 Fish Lane, this Janus-esque mural of monochromatic vividness and multiple female faces is the definition of striking. The paint may be black and white, but the ...

As global demand for sustainable energy solutions skyrockets, vanadium flow batteries are emerging as game-changers - and Magadan's innovative projects are leading the charge.

We assess how de-risking supply chains, enhancing electrolyte designs, and leveraging membrane-less architectures will make flow ...

Sofles is an Australian graffiti artist originating from Brisbane. Self-taught, he has been honing his skills for over 20 years, exploring various mediums such as spraypaint, acrylic, drawing and ...

A flow battery, or redox flow battery (after reduction-oxidation), is a type of electrochemical cell where chemical energy is provided by two chemical components dissolved in liquids that are ...

Sofles" large scale murals have taken him around the world ten times over and now grace many of the world's largest cities, including Berlin, Copenhagen, Oslo, Las Vegas, and LA. Sofles has ...

Want to understand flow batteries? Our overview breaks down their features and uses. Get informed and see how they can benefit your energy needs.

Unlike traditional chemical batteries, Flow Batteries use electrochemical cells to convert chemical energy into electricity. This feature of flow battery makes them ideal for large ...

To celebrate the occasion of our latest tee drop "LAYERS", I wanted to put out a mini interview with the man who blessed us with the fresh handstyle that sits front and centre ...

Want to understand flow batteries? Our overview breaks down their features and uses. Get informed and see how they can benefit your ...

News | 11th March 2025 Artist - SOFLES Bio - Russell Fenn, better known as Sofles, is an Australian graffiti artist originating from Brisbane. Self-taught, he has been honing his skills for ...
