Your ultimate guide to Malaysia, where the people are as warm as the weather.

As Malaysia's sole low-voltage power capacitor manufacturer with over 50% market share in the power factor correction sector, we lead in both system ...

Discover Malaysia with our five interactive brochures and travel guides alongside various other PDF versions; all downloadable for your convenience.

Discover things to do, places to go, events to attend and more at the Tourism Malaysia official site.

Hybrid super capacitors combine features of batteries and EDLCs, offering improved energy density without compromising power. In Malaysia, breakthroughs in hybrid ...

Apaq Technology, a specialist in solid electrolytic capacitors, has acquired land adjacent to its existing plant in Malaysia for a second phase expansion, with construction ...

The supercapacitor market in Malaysia is poised for growth due to its applications in renewable energy storage, electric vehicles, and industrial ...

Established in 1987, Maxcap Electronics Sdn Bhd is the first manufacturer of axial, radial and snap-in type of aluminium electrolytic capacitors in the northern region of Malaysia. Maxcap ...

**MALAYSIA CRAFT PROMOTION (IN CONJUNCTION WITH MALAYSIA BATIK DAY)** Kraftangan Malaysia Terengganu Malaysian Handicraft Development Corporation (Kraftangan Malaysia) ...

Find quick information on the best sights and scenes in every state. Get a glimpse of Malaysia's bustling

Metropolitan capital and the ever-popular Isle of Legends. Find out where to go for the ...

Apaq Technology, a specialist in solid electrolytic capacitors, has acquired land adjacent to its existing plant in Malaysia for a second ...

The supercapacitor market in Malaysia is poised for growth due to its applications in renewable energy storage, electric vehicles, and industrial machinery. The emphasis on sustainability and ...

According to Volza's Capacitor export data of Malaysia, there are a total of 4,142 Capacitor Suppliers in Malaysia, exporting to 3,784 buyers globally.

Consumer electronics manufacturers in Malaysia are increasingly integrating super capacitors with lithium-ion batteries to improve power performance and charging ...

As Malaysia's sole low-voltage power capacitor manufacturer with over 50% market share in the power factor correction sector, we lead in both system solutions and standalone devices.

From 2025, we will start new production of hybrid types, which are in high demand, especially for automotive applications. In this way, we will continue to produce and supply new capacitors ...
