Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

This study explores the design and adaptation of a shipping container into a portable irrigation control station for agricultural operations. The project leverages the ...

Solar shipping container powers irrigation and tools in off-grid farms. Ideal for remote agriculture needing clean, mobile energy.

Discover how Sunmaygo's solar containers are used in construction, agriculture, emergency relief, mining, and EV charging. Learn the benefits of mobile solar power for your industry.

Would you like to generate clean electricity flexibly and efficiently and earn money at the same time? With Solarfold, you produce energy where it is needed and where it pays off.

Our mobile solar irrigation system generates the energy necessary for sustainable irrigation, combining: Data Intelligence & Big Data; Remote Monitoring; Versatility and autonomy. Plus, ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

LZY-MSC2 Sun Tracking Solar Container features automatic sun-following technology with 70m² solar panels. Single-operator 15-minute deployment for industrial, agricultural and emergency ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the

inside, a rugged inverter with power ready battery bank.

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.
