Could a five-in-one foldable container design boost efficiency?

A five-in-one foldable container design certified by the International Geneva-based International Standard Organization (ISO) could boost efficiency and transform the carriage of empties, claims Florida-based Compact Container Systems (CCS). The SeaFold container opened out and stacked Credit: Compact Container Systems

Are foldable containers a good idea?

Yes. It's that simple. It's true, all the big shipping lines and shippers have seen the full potential of our foldable containers. Cutting out inefficiency in the supply chain and hitting corporate sustainability goals as well. It's time for you to take responsibility.

What is a returnable foldable large container (FLC)?

For improved space and capacity utilisation ORBIS has introduced a returnable foldable large container (FLC). The OceanPak plastic bins stackable and collapsible when empty. That increases efficiency and minimizes transport costs during intercontinental shipping, especially during the return transport.

What is a seafold container?

In maritime operations, SeaFold containers deliver substantial cost savings for one-way cargo shipments through more efficient loading and unloading procedures. Their design allows for additional stowage space on mainline and feeder vessels, which in turn reduces the vessel's time in port.

When collapsed, a bundle of five SeaFold containers accommodates the same slot as one standard 40" HC container. Folding and storing the SeaFold container is quick and ...

Compact Container Systems (CCS) has launched the SeaFold HC 40" container, the world's first five-in-one, foldable shipping container to improve operating inefficiencies, ...

COLLAPSECON is the next evolution of shipping containers - a fully automated collapsible container that will improve operational efficiencies, deliver economic savings and reduce ...

For Intercontinental Ocean Freight The collapsible heavy-duty OceanPak®; is specifically designed for intercontinental shipments and offers an efficient ...

A five-in-one foldable container design could boost efficiency and transform the carriages of empties, claims Florida-based Compact Container Systems (CCS).

Compact Container Systems (CCS) has launched the SeaFold HC 40" container, the world's first five-in-one, foldable shipping ...

It's true, all the big shipping lines and shippers have seen the full potential of our foldable containers. Cutting out inefficiency in the supply chain and hitting corporate sustainability goals ...

For Intercontinental Ocean Freight The collapsible heavy-duty OceanPak®; is specifically designed for intercontinental shipments and offers an efficient footprint that optimises an ISO ...

Navlandis, a technology start-up supported by EIT InnoEnergy, has developed a new generation of foldable shipping containers to reduce environmental and economic ...

World's first ISO-certified five-in-one shipping container set to improve the transportation and logistics industries' efficiency and ...

A five-in-one foldable container design could boost efficiency and transform the carriages of empties, claims Florida-based Compact ...

The world's first 5-in-1 40" high cube shipping container that will revolutionize the intermodal shipping industry by providing significant cost benefits, improving empty container ...

World first ISO certified five-in-one shipping container set to improve the transportation and logistics industries' efficiency and sustainability.

World's first ISO-certified five-in-one shipping container set to improve the transportation and logistics industries' efficiency and sustainability.
