OffGridBox is a project design and engineering company that provides renewable energy and clean water to remote communities around the ...

Explore our range of high-efficiency solar container solutions designed for businesses worldwide. Our containers combine cutting-edge technology ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient ...

Case Study: In the Romanian mining project, the MEOX system achieved 100% solar-powered operation on sunny days, reducing fuel costs by 60% while significantly lowering carbon ...

Case Study: In the Romanian mining project, the MEOX system achieved 100% solar-powered operation on sunny days, reducing fuel costs by ...

All energy systems are equipped with a solar array, batteries, inverters, and the option to add an integrated generator. The MiniBox microgrid solution can seamlessly switch between off-grid ...

All energy systems are equipped with a solar array, batteries, inverters, and the option to add an integrated generator. The MiniBox microgrid solution ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy ...

MOBIPower hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

This system accommodates a range of container sizes and integrates seamlessly with several types of horizontal transport equipment, ensuring automation, safety, security, and integration ...

Shipping container solar systems are transforming the way remote projects are powered. These innovative setups offer a ...

OffGridBox is a project design and engineering company that provides renewable energy and clean water to remote communities around the world, with a focus on Energy for Health.

Shipping container solar systems are transforming the way remote projects are powered. These innovative setups offer a sustainable, cost-effective solution for locations ...

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained ...
