Which portable power station should I buy?

If you want a portable power station that's lighter than our upgrade pick, often costs less, and adds a small light, and you don't mind that it has less power, a single handle, and fewer outlets and charging ports: Get the Jackery Explorer 880. It weighs 21.8 pounds, and has an ergonomic handle on top and a small light built into the side.

Are portable power stations safe?

Portable power stations are silent and don't produce additional emissions, so you can use them safely indoors and while you're sleeping. And since they have no motor, you don't need to keep gas handy or perform the oil changes and other minor maintenance that a combustion engine requires.

This portable power station is the lightest of our picks, weighing just 7.1 pounds. It's less powerful than most models we tested, ...
