Extract Value from Array in Power Automate Asked 1 year, 1 month ago Modified 9 months ago Viewed 6k times

0 I have data being pulled from a SharePoint list to an Excel file and I'm trying to use Power Automate online to create a scheduled flow that will trigger the "Refresh All" button ...

Modern energy infrastructure relies on grid-connected energy storage systems (ESS) for grid stability, renewable energy integration, and backup power. Understanding these ...

The SDI subprogram's strategic priorities in energy storage and power generation focus on grid integration of hydrogen and fuel cell technologies, integration with renewable and nuclear ...

Data Source Credentials and Scheduled Refresh greyed out in Power BI Service Asked 4 years, 8 months ago Modified 3 years, 4 months ago Viewed 18k times

The framework simultaneously optimizes three critical objectives: maximizing renewable energy integration, minimizing carbon emissions, and enabling green hydrogen ...

Modern energy storage technologies play a pivotal role in the storage of energy produced through unconventional methods. This review paper discusses technical details and ...

I have a table PRODUCTS in Power BI that has a column named Product\_Group. When I go to transform data I can see all the Product groups. (DirectQuery connection, it is ...

You can retrieve the contents of the CSV file using the Get file content action in Power Automate/Microsoft

Flow, and then using the Parse CSV action to transform the file ...

As global energy demands surge and the urgency for sustainable solutions intensifies, optimizing the scheduling of renewable energy sources (RES) and energy storage ...

Researchers at Argonne National Laboratory are studying the impact of energy storage on the integration of solar and wind power generation systems into the grid from short-term ...

Below are some of the reasons you get the network error when using a patch function in Microsoft Power Apps applications: One of the columns in your SharePoint list is ...

I use Power Automate to collect responses from a Form and send emails based on the responses. The main objective is to automate decision-making using Python to approve or ...

I have created a Flow in Power automate, have used a Refresh a Power BI dataset component, there is no issue in terms of functionality as such and I am able to refresh ...

This article examines the key trends, challenges, and opportunities associated with energy storage integration in the context of electric power generation. We will explore how emerging ...

Grid integration of renewable energy and energy storage requires forward-looking planning process, and increased emphasizes on reliability, resilience, and equi
