On one of our construction sites at Vienna's Nordbahnhof, we recently launched a pilot project to supply the construction site cabins with green energy through a photovoltaic system - with ...

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel redundancy when regulatory or client ...

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Global adoption of Solar Container for Construction is accelerating. Major ports and offshore platforms deploy these units daily. Industrial sites report up to 30% cost savings after ...

Discover the numerous advantages of solar energy containers as a popular renewable energy source. From portable units to ...

Discover the numerous advantages of solar energy containers as a popular renewable energy source. From portable units to large-scale structures, these self-contained ...

We are actively driving the evolution towards emission and noise compliant power solutions at worksites. The mobile solar container range redefines on-site power by harnessing the sun's ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ...

Large capacity mobile solar trailers for construction sites are specifically built to maximize solar energy collection. With advanced photovoltaic technology, these trailers can ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The ...

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel ...

Global adoption of Solar Container for Construction is accelerating. Major ports and offshore platforms deploy these units daily. Industrial sites ...

Mobil-Grid™ 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant
