-----

Slovenia's state-owned utility HSE is driving the country's energy transition with the deployment of 800MW of energy storage by 2035, including 590MW of pumped hydro energy ...

Slovenia's HSE signs a EUR100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's renewable energy goals for 2050.

Its industry-high energy density packs 5MWh into a standard 20-foot container, while its precision liquid cooling system, which reduces energy consumption by 30% and ...

Slovenia's HSE signs a EUR100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's ...

That's exactly what Ljubljana's energy storage power initiative is achieving. Nestled in Slovenia's capital, this project combines cutting-edge battery tech with smart grid ...

As global demand for energy storage batteries grows faster than pumpkin vines in July, Slovenia has quietly become Europe's dark horse in smart grid solutions. Let's unpack why tech ...

The grants are intended for the purchase and installation of battery storage units, hybrid inverters, and electrical installations and ...

Jinko ESS, a global leading energy storage company and a subsidiary of Jinko Solar Co., Ltd. has further expanded its European presence with the signing of a 15MWh utility ...

European Commission has approved a EUR150 million Slovenian scheme to support the rollout of renewable energy and heat as well as energy storage, in line with the Green Deal Industrial Plan.

By harnessing the power of solar and wind energy, Slovenia is not only reducing its carbon footprint but also enhancing energy security. Investments in battery storage systems and ...

The grants are intended for the purchase and installation of battery storage units, hybrid inverters, and electrical installations and equipment. The subsidy can cover up to 45% ...

Businesses in Slovenia often face rising energy costs and a need for reliable power sources. This energy storage system addresses these challenges by providing a stable and ...

Businesses in Slovenia often face rising energy costs and a need for reliable power sources. This energy storage system addresses ...
