-----

US startup Ambri has received a customer order in South Africa for a 300MW/1,400MWh energy storage system based on its proprietary liquid metal battery technology.

Enter Sudan's new energy storage industry project, where solar panels meet cutting-edge batteries to rewrite the country's energy script. With 59% electrification rates and ...

One of the latest installations, featuring two high-performance inverters and six M90 PRO lithium batteries, demonstrates how advanced technology can meet modern energy ...

Reuters is your online source for the latest Sudan news stories and current events, ensuring our readers up to date with any breaking news developments

Sudan facts: Official web sites of Sudan, links and information on Sudan's art, culture, geography, history, travel and tourism, cities, the capital city, airlines, embassies, tourist boards and ...

Sudan plunged into a civil war in April 2023 after a vicious struggle for power broke out between its army and a powerful paramilitary group, the Rapid Support Forces (RSF). It ...

Sudan, country located in northeastern Africa at the southern edge of the Sahara. Sudan's capital, Khartoum, is located roughly in the center of the country, at the junction of the ...

Flow batteries are notable for their scalability and long-duration energy storage capabilities, making them ideal for stationary applications that demand consistent and reliable power. Their ...

A modeling framework developed at MIT can help speed the development of flow batteries for large-scale, long-duration electricity ...

War in Sudan: Humanitarian collapse, fighting, deadlock, December 2025 Mass atrocities in Kordofan, the seizure of a key oilfield, and a "crime scene" in el-Fasher mark a ...

As Africa's energy demands skyrocket--with Sudan alone needing 12% annual growth in electricity supply --this tech isn't just cool, it's critical. Let's unpack why this 19th ...

The war in Sudan has been tearing the country apart for almost 1,000 days, putting the country's health system under intolerable pressure. The World Health Organization ...

Flow batteries are notable for their scalability and long-duration energy storage capabilities, making them ideal for stationary applications that ...

Sudan, [a] officially the Republic of the Sudan, [b] is a country in Northeast Africa. It borders the Central African Republic to the southwest, Chad to the west, Libya to the northwest, Egypt to ...

Annual production of 300MW/1.2GWh all-vanadium liquid flow energy storage battery high-end equipment manufacturing project signed

China's first megawatt iron-chromium flow battery energy storage demonstration project, which can store 6,000 kWh of electricity for 6 hours, was successfully tested and was ...
