Which TCM products are compatible with lithium-ion batteries?

TCM products that are currently compatible with lithium-ion batteries include our rider pallet trucks, powered pallet trucks, and stackers. We continue to develop further products, which will be available later this year. This will include our walkie low-lifter and stacker range, in addition to new and improved reach and counterbalance trucks.

What are containerised solutions for lithium-ion systems?

We specialise in containerised solutions for lithium-ion systems - supporting everything from EV (electrical vehicle) infrastructure to renewable energy and industrial power. Built for high-risk environments, our enclosures go beyond standard builds.

Can a lithium-ion battery be used for solar storage?

With Eco Tree, your energy storage system will be able to power your home or office for years to come. So why wait? Order your Eco Tree Lithium Battery for solar storage today and enjoy free energy from the sun! The benefits of using a LiFePO₄ lithium-ion battery for solar installations include:

Can a TCM forklift be charged with a Li-ion battery?

TCM Li-ion batteries have been specifically engineered for use with TCM forklift trucks to ensure safe operation, meaning the truck can even shut itself down automatically if needed. Simply connect the charger and the truck will automatically shut down ready for charging.
