Is Kuwait negotiating a major battery storage project?

Our Standards: The Thomson Reuters Trust Principles. Kuwait is negotiating a major battery storage project with a discharge capacity of up to 1.5 gigawatts and total energy storage of between 4 and 6 gigawatt-hours, in a bid to ease chronic power shortages, a senior electricity ministry official said on Monday.

Where can I find project & tender information in Kuwait?

KuwaitTenders.com is the most accurate, encompassing, and extensive resource for finding project and tender information in Kuwait. It tracks thousands of projects and tenders across the Kuwait region.

What does the battery storage initiative mean for Kuwait?

The battery storage initiative is part of a broader push to stabilise Kuwait's grid and reduce reliance on fossil fuels during peak demand periods. If implemented, it would mark one of the largest energy storage deployments in the region.
