Where will go Enerji build a battery pack?

(Adobe Stock Photo) Turkish energy firm GO Enerji and South Korea's LG Energy Solution have agreed to jointly build a battery pack production facility in Ankara, Türkiye, starting with an initial investment of EUR45 million (\$52.16 million).

Who is solar Bayern Turkey?

Solar Bayern Turkey is dedicated to harnessing the power of renewable energy, particularly solar energy, which they have been involved with for 19 years in Germany. Their mission focuses on increasing the use of solar energy through sustainable practices, contributing to environmental preservation.

Who is go Enerji?

(AA Photo) Founded in 2003, GO Enerji is a Türkiye-based engineering and energy firm specializing in solar power systems and large-scale photovoltaic (PV) plant installations. The company provides turnkey services ranging from design and procurement to installation and maintenance, serving both domestic and international markets.

Does go Enerji have a 'made in Türkiye' label?

During a press address, GO Enerji Chairman Gokhan Yildiz emphasized that the factory will operate under a 'Made in Türkiye' label, supplying both domestic demand and LG Energy Solution's global customers.

A solar battery container is essentially a large-scale Battery Energy Storage System (BESS) housed within a standard shipping container. These usually come in 20-foot or 40-foot sizes.
