We specialize in advanced photovoltaic energy storage solutions, providing high-efficiency battery cabinets designed for reliable, sustainable, and clean energy. Our products help you reduce ...

The US-based Pomega Energy Storage Technologies, specialising in lithium iron phosphate battery production, will install a 62-megawatt (MW)/104-megawatt-hour (MWh) battery energy ...

Overview The Oslomej solar park, operated by Fortis Energy, is getting a battery system of 62 MW in capability. The Turkey-based company hired Pomega for the investment. It would make ...

China-based Cubenergy will provide the energy storage systems while YESS Power will manage all engineering, procurement, ...

That's exactly what North Macedonia is aiming for with the Skopje Energy Storage Power Station, a grid-scale battery project that's turning heads across the Balkans.

Discover how lithium battery energy storage systems are revolutionizing North Macedonia's renewable energy landscape - and why this matters for global sustainability goals.

North Macedonia, which has been attracting investments in battery factories, is in talks on a project worth up to EUR 360 million, according to Prime Minister Hristijan Mickoski. ...

You know how people say renewable energy is unreliable? Well, North Macedonia's Skopje Pumped Storage Power Station just proved them wrong. Operational since Q2 2024, this EUR1.2 ...

China-based Cubenergy will provide the energy storage systems while YESS Power will manage all
