HOPSOL Africa is a technology leader for on- and off-grid solar power plants, fuel save controllers as well as solar diesel hybrid systems at utility scale (e.g. mining solutions). ...

Let's face it - between Namibia's 300+ days of sunshine and Windhoek's electricity prices climbing faster than Dune 7, solar solutions in Windhoek aren't just trendy tech gadgets.

Solar City Proprietary Limited, headquartered at 22 Palladium Street, Prosperita, Windhoek, Namibia, is an emerging player in the renewable energy sector. Specializing in solar energy ...

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. Technological advancements are dramatically improving ...

This on-grid roof-mounted system is both economical and reliable, taking advantage of the local power source when available and supplementing it with solar energy, but also providing a ...

Installation was finalized including DC and AC connection within eight days of construction. The successful installation of the solar system was celebrated on the 25th of October.

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Let's cut to the chase: In December 2023, Windhoek made history by launching Namibia's first grid-scale energy storage system. This 54MWh project in Erongo Region isn't ...

Enter the Omburu Solar Plant--Windhoek's 20MW game-changer. Completed in 2022, this photovoltaic marvel powers 16,000 homes. But here's the kicker: battery storage systems now ...

Ever wondered how a desert nation could become a renewable energy trailblazer? Enter the Windhoek Energy Storage Project - Namibia's \$280 million answer to solar power's ...
