Zambia, officially the Republic of Zambia, is a landlocked country located in Southern Africa. It is bordered to the north by the Democratic Republic of the Congo, to the south by Angola, to the west by the Democratic Republic of the Congo, and to the east by Malawi. The Zambezi River, which flows through Zambia, is the country's only international border. Zambia's terrain is mostly plateau, with some mountainous areas in the north and east. The capital city, Lusaka, is located in the southern part of the country. The economy of Zambia is primarily based on agriculture, mining, and tourism. The country is a member of the Southern African Development Community (SADC) and the African Union (AU). Zambia's power sector is currently undergoing significant reforms, with the government aiming to increase its renewable energy capacity and improve the reliability of its power supply. The country is also involved in the Southern African Power Pool (SAPP), which allows for the exchange of electricity between member states.

A virtual guide to Zambia, officially the Republic of Zambia, a landlocked country in central southern Africa, separated from Zimbabwe by the Zambezi River. Zambia is also bordered by Angola, ...
